ÉCOLE CENTRALE SCHOOL OF ENGINEERING

Mahindra École Centrale (MEC - College of Engineering) was set up in association with CentraleSupélec of France and the JNTU Hyderabad in 2014 to educate students with theoretical and practical knowledge while providing individually curated world-class industry exposure in multiple engineering areas.

In May 2020, with the establishment of Mahindra University, MEC was subsumed into the École Centrale School of Engineering (ECSOE) offering numerous programs tailored to enhance students' career goals effectively. ECSOE has developed collaborations with Virginia Tech - USA, Babson College - USA, La Trobe University - Australia, University of Melbourne* and the University of Florida - Gainesville - USA, CentraleSupélec - France. Programs at UG (B.Tech.) / PG (M.Tech.) / and PhD levels are

Scholarship Policy

Objective:

The scholarship initiative at Mahindra University is designed to acknowledge and incentivize scholastic achievements within the undergraduate student body.

Merit based scholarship:

A merit-based scholarship of Rs 1,00,000 is awarded to about **top 10% performers** in each program basis their JEE Mains / SAT / applicable test scores / 12th Grade scores.

Female Students Scholarship:

A merit-based scholarship of Rs 1,00,000 is also granted to the **top 20 female students** based on their JEE scores. (Only for ECSoE)

North East Region Scholarship:

A distinct scholarship is designated specifically for the **top 5 students** hailing from the North East region. This initiative aims to encourage and support talented students from that geographical area, promoting diversity and inclusion within the scholarship program.

Renewal and Continuation:

Maintaining Eligibility: Students must maintain their academic performance within the top 10% of their program to retain the scholarship.

Annual Review: The scholarship is subject to an annual review, considering the student's overall academic progress.

Labs

The Labs at Mahindra University play an important role in nurturing and providing practical exposure to the students at Mahindra University. It provides In-depth practical knowledge to the students to boost their skills. The students can practice in the state of the art labs and hone their expertise, which will place them one step ahead of others. With equipment sourced from the most preferred vendors globally, the University labs are on par with the finest in the world.

Hostels

MU has air conditioned and well- ventilated hostels that offer twin and single sharing rooms. The hostels are surrounded by lush greenery with most of them having an attached balcony. It provides a comfortable atmosphere that makes the students feel at home. The cafeteria provides nutritious home-cooked like meals and an array of mouthwatering and delicious cuisines. The hostels also include amenities that allow the students to indulge in various extra-curricular activities such as carrom, cards among others

PLACEMENTS

MUs exposure to the global environment offers many more opportunities to fresh graduates than ever before. Some of these are placements, internships, and higher education through world-class collaborations with Cornell University's SC Johnson School of Business, BORN, BABSON, Frankfurt School of Finance & Management, Centrale Supelec, University of Florida, Virginia Tech, TDTA. In addition, given the entrepreneurial focus in education, many of our students, upon graduation, have also set up their business ventures; some notable ones are in the field of engineering. As regards placement offers, there is an increase in the number of companies, both National and International, across sectors every year. Some of the recruiters are - Ernst &Young, Google, M&M, BYJUs. The highest package has been 45 LPA and a median salary of 7.5 LPA

INTERNSHIPS

Mahindra University facilitates internship offers for the students in reputed organisations within India and abroad. These internships enable the students to gain overall experience aligned with their career goals under a supervision of a professional with the opportunity for hands-on responsibility and meaningful work. As a result, many reputed institutions have come forward to hire our students.

Anti-ragging Policy @ MU

The University has zero tolerance for ragging. An Anti-ragging committee along with an Anti-ragging squad is established by the University and the contact information is displayed across various places in the University. The Anti-Ragging Committee plays a pivotal role in fostering a safe and conducive environment within the University. Comprising faculty, administrative staff, and student representatives, this committee is entrusted with the responsibility of preventing and addressing instances of ragging on campus. The Anti-Ragging Committee serves as a proactive guardian of campus safety, promoting a culture of mutual respect, inclusivity, and zero tolerance for harassment. Through its concerted efforts, it endeavors to create an environment where every individual can pursue their academic aspirations without fear or intimidation.
