Guideline

50-word Abstract: Your abstract should be a summary of your claim reported in the paper.

2-page Paper: All contributed authors are required to submit a paper within the 2-page limit, and convert your paper (LATEX or Word format) to PDF to upload. All the paper submissions must contain the following items:

1. title
2. listing of all authors and their affiliations
3. abstract, limited to 50 words
4. Copyright statement: Copyright with authors
5. Use of any already published images of people or images owned or trademarked by others will also require official written permission.
6. Use standard fonts when possible (follow as given in the template)
7. Use Single column format
8. Proofread and make any copy editorial changes before submission. We will not accept any revisions after the submission deadline.
9. Please review the topic of the conference, and select the area that is appropriate for your work.
10. Mode of Presentation: Based on the feedback of the peer review, the committee will decide whether the paper will be presented as oral or poster.
11. Emailed submissions will not be considered. Do NOT email, your paper!
12. A complete submission must be submitted via the online submission system in adherence with the style guide and by the deadline.
13. Use sections in the body
14. Reference style, please see the template
